TOWN WARRANT

To the inhabitants of the Town of Greenland in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Brick School House in said town on Tuesday, the fourteenth day of March, next, at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges.

4. To see what sum the town will vote to raise and appropriate for the support of the Weeks Public Library.

5. To see if the town will vote to raise and appropriate the sum of \$150.00 for the care of cemeteries, parks and dump.

6. To see if the voters of the town will authorize the selectmen to borrow money on short term notes in anticipation of taxes.

7. To see if the town will vote to raise and appropriate for the issuance and distribution of printed matter, calling attention to the resources and natural advantages of the town, in cooperation with the other towns coordinated in the Seacoast Regional Development Association, the sum of \$50.00.

8. To see if the town will vote to raise and appropriate the sum of \$2500.00 for the extension of the water lines.

9. To see if the town will vote to accept State Aid for construction of Class V roads and raise and appropriate \$49.73 for said purpose.

10. To see if the town will vote to raise and appropriate the sum of \$500.00 to establish a post war fund to be used to finish enclosing the cemetery by a fence, and to improve the parks.

11. To see if the town will vote to transfer to the capital reserve fund \$600.00 from the unencumbered surplus of the last fiscal year.

12. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this twenty-fourth day of February in the year of our Lord nineteen hundred and forty-four.

FREDERICK S. BEALS,
ARTHUR J. SEWALL,
THOMAS J. BRACKETT,

Selectmen of Greenland.

A true copy of Warrant — Attest:

FREDERICK S. BEALS,
ARTHUR J. SEWALL,
THOMAS J. BRACKETT,

Selectmen of Greenland.

LIBRARIAN'S REPORT

The Librarian of the Weeks Library submits its forty-seventh report:

Accession number of volumes	10,115
Added by purchase	145
Presented	3
Number discarded	16
Number removed from shelves	172
Number lost in circulation	3
New borrowers registered	19
Magazines subscribed for	4
Magazines presented	6
Circulation for the year	4,192
Fiction	3,673
Non-fiction	519
Juvenile	1,750
Circulation of magazines	468
Largest daily circulation	106
Smallest daily circulation	13

During the winter months the Library has been open on Tuesdays only because of the difficulty of obtaining a janitor, but the circulation seems not to have decreased by this procedure. On Christmas day we were closed and also on February 16 when extreme cold made it impossible to heat the building. Circulation in neighboring libraries has materially decreased since the war and reports from other parts of the country show the same condition so that while we deeply regret our own losses it is encouraging to know that the same causes are affecting other localities.

Respectfully submitted,

LILLIAN ODELL,

Librarian

SCHOOL REPORT

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Greenland, New Hampshire:

I take pleasure in submitting my annual report as superintendent of schools, the fifteenth in the series.

As in the past, I am presenting much information about the Greenland schools in form of statistics which, if carefully read and studied, in conjunction with other information furnished by the district treasurer and by the school board in their reports, will give a clear picture of the size, cost and many other details of the schools.

Tables IV, V and VI show some interesting facts in regard to all the schools in Union No. 16, and in the entire state as well. I congratulate the four pupils listed in Table VII for their perfect attendance during an entire school year. For many years the percent of attendance in the Greenland school has been good. As will be seen in Table IV, it compares favorably with that of other districts in this Union. The parents are to be congratulated on discharging their responsibility in this matter.

On the evidence of visits of inspection and of supervision of results of standard achievement tests, and of reports from the Portsmouth schools, the past year in our local school was a satisfactory one. The present year is continuing in the same way. The standard of work demanded in Grades VII and VIII has never, in my period of supervision, been so high as now and the amount and quality of work done by pupils in those grades is, in consequence, steadily improving. Our entire staff of teachers

is giving efficient and conscientious work to the training of our children in this critical time and are to be commended for it. Thanks to Mrs. Howe's able teaching of music and to the hearty co-operation which all the other teachers give her, our music has never been taught with better results.

A year ago in my report on the state of the schools in Union No. 16, I noted that we, in this Union, had been fortunate in being able, up to that date, to conduct our schools in a fairly normal way as regards material supplies and teaching personnel. Since that time, general procurement of replacing or substitute teachers has become increasingly difficult, especially in the many-graded rural schools and in the high schools. However, we in this Union, are still fortunate in being able to retain most of our teachers and to find satisfactory substitutes for those who have left our service. The school boards of our Union have, through the years,, created generally satisfactory working conditions in the schools, and parents have in the main been extremely co-operative with school boards and teachers in the whole process of education. Some salaries have been increased and placed on a schedule basis. A continuance of these policies will go far toward the maintenance of good schools in the uncertain years ahead and I bespeak your sympathetic interest to that end. Another year of war finds its influence on education of increasing importance. Some mention of the war, at least in its geographical aspects, some thought about it, some participation in its various ramifications such as Red Cross activity and stamp and war bond buying, is of daily occurrence in all grades from the first to the twelfth at which latter point, all able bodied boys expect to become a part of the armed forces. All the teachers of Union No. 16 feel the weight of their responsibility in this matter. This is their contribution to the war effort. They rejoice in their opportunity to train pupils

not only in academic and mechanical skills, but also to cultivate in their charges the highest ideals of the democratic way of life in which, we believe, lies the only secure and lasting happiness for all people.

The deep interest of school board, parents and other citizens in their schools is very much appreciated by all those who are in daily care of the schools.

Respectfully submitted,

CLIFTON A. TOWLE,

Superintendent of Supervisory

Union No. 16

Exeter, New Hampshire

February 5, 1944.

THE ANNUAL REPORT OF THE SCHOOL NURSE

To the School Board of Greenland, New Hampshire:

Following are the health activities carried on in the Greenland schools from January 1st, 1943 to January 1st, 1944.

Most of the follow-up work and corrective work following the 1942 physical examinations was done during the winter and spring terms of 1943. Forty-two children had complete dental care by their own dentist. Six children had part of their dental work done by their dentist. Nine children had their eyes examined by their physician and had their vision corrected. Four children had tonsillectomies performed. All children should be immunized against small pox and diphtheria before entering the first grade of school. I am sorry that we are not able to have a dental clinic this year. Many dentists have gone into the service and those remaining are too over worked. The children's teeth have been kept in good condition and I ask the parents to please keep up the good work.

Number of children examined in the fall of 1943 —	115
Number of children found to have defective vision —	15
Number of children found to have defective teeth —	49
Number of children found to have defective tonsils —	6
Number of children found to be underweight —	11
Number of children found to have Orthopedic defects —	4

All children are weighed and measured three times each year — fall, winter and spring.

Forty-two visits were made to the school.

I wish to take this opportunity to thank our superintendent, Mr. Towle, school board, teachers and parents for their cooperation and help in my work.

Respectfully submitted,

ELOISE B. SHEEHY, R. N.

February 5, 1944.

Balance on Hand as of January 31, 1944	\$ 4,666.80

RALPH DeH. FISHER,

District Treasurer.

HOME FOOD PRODUCTION

Patriotism, prudence, and protection of health combine to urge that in 1944 every family produce and preserve for home consumption as much of the family's yearly food supply as possible. Home food production will assure our own food supply, will release more foods for the armed forces and lend-lease, will help meet the national goals, and will relieve transportation, labor and equipment shortages.

To help families with their plans for food production and preservation at home, the University of New Hampshire Extension Service lists the following free bulletins for your use:

Hotbeds and Coldframes	Ext. Circ. 214
The Home Vegetable Garden	Ext. Circ. 170
Vegetable Storage	Ext. Circ. 140
Tomatoes for Good Health	Ext. Circ. 220
Control of Insects and Diseases in the Home Garden	Ext. Circ. 253
Strawberry Culture	Ext. Circ. 211
Red Raspberry Culture	Ext. Circ. 103
Blackberries for New Hampshire	Ext. Circ. 104
Grape Growing in New Hampshire	Ext. Circ. 173
Improved Blueberries	Ext. Circ. 215
The Home Poultry Flock	Ext. Circ. 250
Home Canning Guide	Ext. Bull. 57
Appetizing Pickles and Relishes	Ext. Circ. 130
Canning of Fruits and Vegetables	Ext. Circ. 137
Canning of Meats	Ext. Circ. 175

List the titles of the bulletins which you would like on a penny post card and mail it to: Extension Service, Room 211, Thompson Hall, University of New Hampshire, Durham, New Hampshire.
